

GYNAECOLOGY

YOUR STERILE SINGLE-USE SOLUTION
WITHOUT COMPROMISE

INNOVATION • QUALITY • SERVICE

Matching reusable standards

Save Time - Reprocessing

- First time sharpness
- Instrument damage/blockage is limited

Suitable for high risk procedures

Save Lives - Contamination

- Cross-infection is eliminated
- Risk is avoided

Cost effective

Save Money – Increase Productivity

- Theatre and clinic time IS REDUCED
- Diminished re-processing, repairs and replacement

YOUR STERILE SINGLE-USE SOLUTION

Contents

Aspirating Needle	4
Spackman Insufflation Cannula	5
Cervical Biopsy Punches <i>Including Rotating & Tischler</i>	6-7
Bonney Uterine Polyp Forceps	8
Forceps <i>Including Vulsellum Forceps & Desjardins</i>	9-10
Scissors <i>Including American Pattern, Braun Stadler & Busch Scissors</i>	10-11
Obstetrics & Maternity Packs <i>Including Delivery & Perineal Packs</i>	12
Dental Syringe	13
Endocervical Specula <i>Including Kogan & Kurihara</i>	13
Metal Cusco Speculum <i>Including with and without smoke tube</i>	14-15
Endometrial Sampling	16
LLETZ Loops & Balls	17

Cannula and Biopsy Needles

- Stainless steel cannula with 18g needle for laparoscopic aspiration
- Single-use avoids difficult to clean cannula and needle with stepped joint
- Extra long 335mm length suitable for patients of all sizes
- Optimum first-time sharpness of needle for ease of use
- Available in 3.5 and 5mm diameter cannulas complete with Luer connection

ASPIRATING NEEDLE

ASN2018	Aspirating Needle 335 x 3.5mm (18g) with Luer, double packed	20 units
ASN5018	Aspirating Needle 335 x 3.5mm (18g) with Luer, double packed	50 units
ASN2518	Aspirating Needle 335 x 5mm (18g) with Luer, double packed	20 units

Spackman Insufflation Cannula

- Single-use removes difficulty of cleaning occluded acorn end
- Adjustable vulsellum plate
- Moveable acorn option available

Spackman Insufflation Cannula

Moveable Acorn

SPACKMAN INSUFFLATION CANNULA

SPC1001	Spackman Insufflation Cannula, double packed	10 units
SPC1001-M	Spackman Insufflation Cannula with Movable Acorn, double packed	10 units

Cervical Rotating Biopsy Punch

- Ideal for busy clinics
- Single-use eliminates cross contamination
- Metal jaw ensures a sharp, clean cut
- Rotating head provides easier positioning
- Useful for increased HPV testing demands
- Cost effective with no repair bills

“...slick, easy to use and sharp enough to take biopsy without problems”

Burton Hospitals NHS Foundation Trust

Did you know this instrument is renewably sourced?

The handle contains 20% renewable material sourced from technical starch

metal jaw ensures a sharp, clean cut

29mm tip length

5mm tip width

9mm bite when closed

rotating head secures visibility

ergonomic handle designed for comfort

CERVICAL ROTATING BIOPSY PUNCH

CBR1001 Cervical Rotating Biopsy Punch, double packed 10 units

MediWales

**Innovation
Award Winners**

Tischler Biopsy Punches

TIME

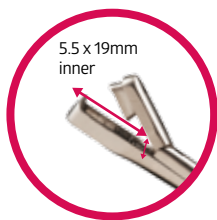

COST

- High quality stainless steel instruments for a consistent and precise biopsy
- Sharp first time action to minimise trauma

TISCHLER BIOPSY PUNCHES

CBT1001	Tischler Cervical Biopsy Punch 230mm, double packed	10 units
CBT1001B	Baby Tischler Cervical Biopsy Punch 230mm, double packed	10 units

Tischler

Baby
Tischler

Bonney Uterine Polyp Forceps

- Slender strong jaw suitable for many procedures including polyp and coil removal
- Effective ratchet and robust grip

BONNEY UTERINE POLYP FORCEPS

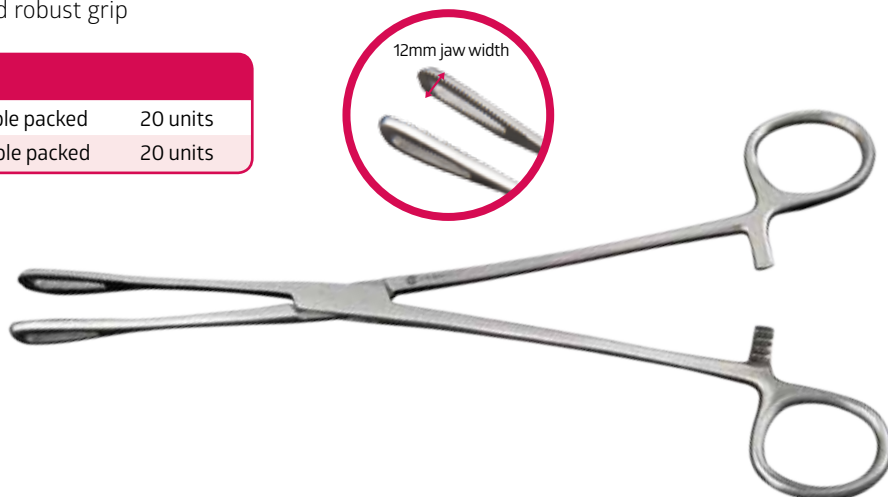

BPF2001 Bonney Uterine Polyp Forceps 240mm, double packed 20 units

Forceps

- Strong jaws with effective locking ratchet and robust grip

RAMPLEY SPONGE HOLDER

RSH2181	Rampley Sponge Holders 180mm, double packed	20 units
RSH2241	Rampley Sponge Holders 240mm, double packed	20 units

Vulsellum Forceps

- High quality stainless steel for good tissue grasping
- Jaw with 3:4 teeth and 230mm length
- Curved to aid positioning
- Complimentary to Spackman Insufflation Cannula

TEALE VULSELLUM FORCEPS

VFT1001	Teale Vulsellum Forceps, double packed	10 units
---------	--	----------

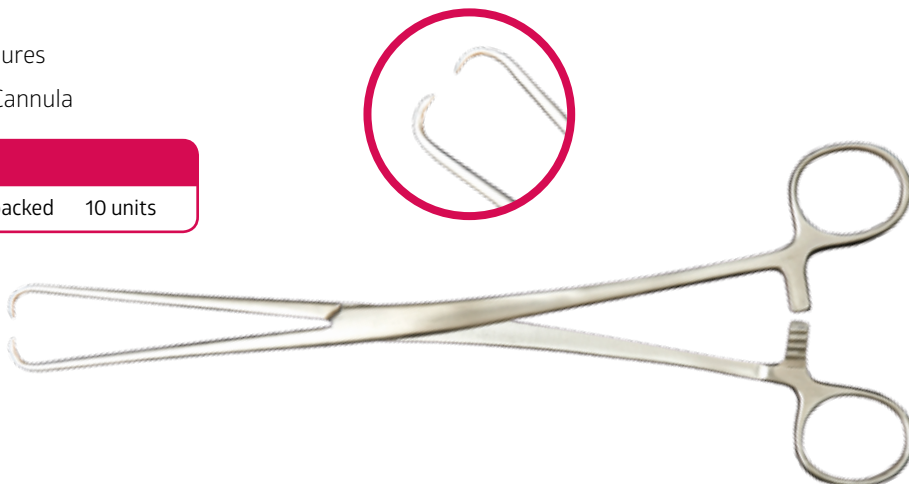

i Looking for Spackman Insufflation Cannula?
see p5

- High quality stainless steel for good tissue grasping
- Jaw with 1:1 teeth and precise action
- Straight 265mm length to suit most procedures
- Complementary to Spackman Insufflation Cannula

ROTUNDA VULSELLUM FORCEPS

VFR1001	Rotunda Vulsellum Forceps, double packed	10 units
---------	--	----------

Desjardins Forceps

NEW

- Allows for better grip and hold of polyp/gallstone

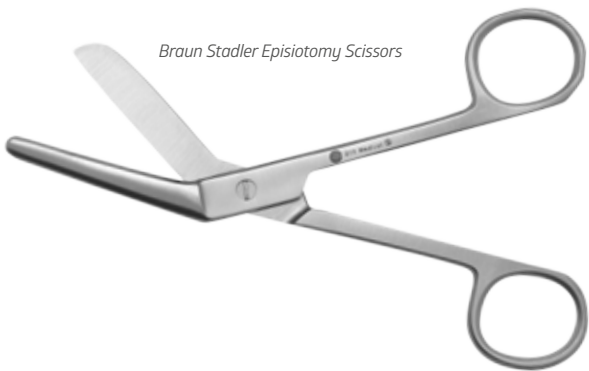

DESJARDINS		
DJF2201	Desjardins Forceps 220mm, double packed	20 units

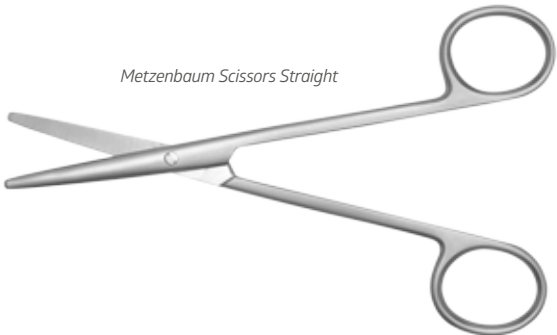

Scissors

NEW

EPISIOTOMY SCISSORS		
WPS2018	Waldmann Perineum Episiotomy Scissors, double packed	20 units
BSS2001	Braun Stadler Episiotomy Scissors Angular 145mm, double packed	20 units

METZENBAUM SCISSORS		
ZSC2121-D	Baby Metzenbaum Scissors Curved 120mm, double packed	20 units
ZSC2141-D	Metzenbaum Scissors Curved 145mm, double packed	20 units
ZSC2161-D	Metzenbaum Scissors Curved 160mm, double packed	20 units
ZSS2181-D	Metzenbaum Scissors Straight 180mm, double packed	20 units
ZSC2181-D	Metzenbaum Scissors Curved 180mm, double packed	20 units
ZSS2201-D	Metzenbaum Scissors Straight 200mm, double packed	20 units
ZSC2201-D	Metzenbaum Scissors Curved 200mm, double packed	20 units

Scissors

- Wide range for different procedures
- Straight and curved variants

SCISSORS

USC2001	American Pattern Umbilical Cord Scissors 100mm, double packed	20 units

Dental Syringe

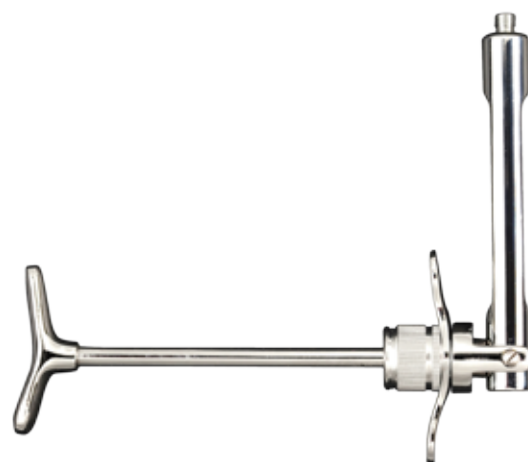

TIME

SPECIAL SIZES

- Suitable for use where needle stick injury is a concern (compliant with EU directive 2010/32/EU – prevention from sharps injuries)
- Popular top loading style to accommodate 2.2ml vials
- Barrel diameter is wide enough to take most vials
- Available in extra long length for use with larger, high BMI patients

DENTAL SYRINGE

DGS2001	Dental Syringe 85mm for 2.2ml vial, single packed	20 units
DGSL2001	Dental Syringe Long 115mm for 2.2ml vial, single packed	20 units

Endocervical Specula

- Specula with 265mm reach and 20mm jaws
- Removes the difficulty of cleaning hinge and ratchet
- Scaled ratchet for controlled visibility

KOGAN ENDOCERVICAL SPECULUM

ECF1001	Kogan Endocervical Specula with ratchet, double packed	10 units
---------	--	----------

COST

KURIHARA ENDOCERVICAL SPECULUM

KSB1001	Kurihara Endocervical Specula black, double packed	10 units
---------	--	----------

TIME

COST

- Malleable for ease of use
- 300mm shaft with 10mm graduations

SIMS UTERINE SOUND

USH2001	Sims Uterine Sound, double packed	20 units
---------	-----------------------------------	----------

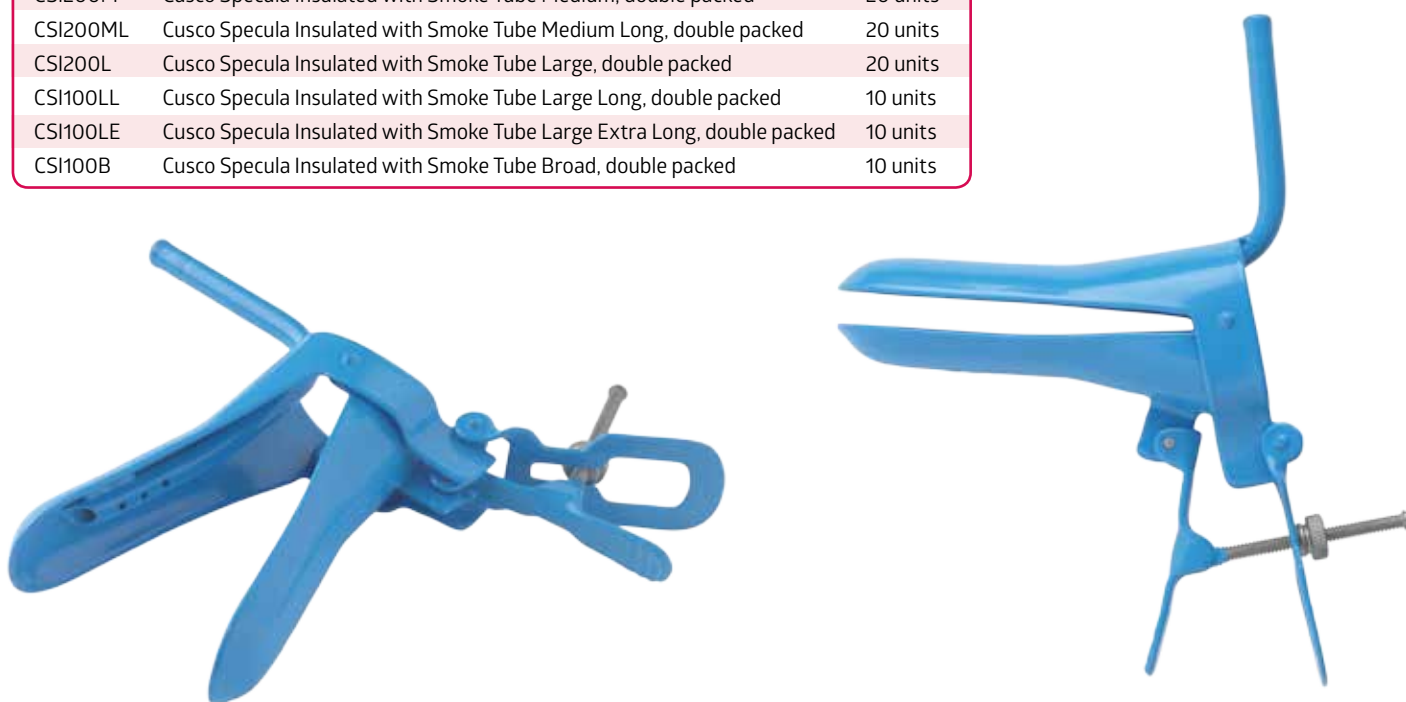

Metal Cusco Specula

- Extended range of sizes for all cases
- Strong metal construction with improved insulation performance for patient and user safety
- Insulated and non-insulated options available
- Smooth rounded design for improved patient comfort
- Robust self-retaining screw

028059	Loop Electrode 15 x 15mm	5 units
028060	Loop Electrode 20 x 8mm	5 units
028063	Loop Electrode 20 x 10mm	5 units
028061	Loop Electrode 20 x 12mm	5 units
028064	Loop Electrode 20 x 15mm	5 units
028065	Loop Electrode 20 x 20mm	5 units
028066	Loop Electrode 25 x 10mm	5 units

“Supporting visibility, quality and safety in your supply chain”**

Our instruments' packaging features the latest machine readable GS1-standard barcoded labels for product traceability.

The newly incorporated labelling technology is a timely development with an increasing number of health providers worldwide adopting an 'eProcurement' strategy and will provide machine readable product information on all labels to meet expected EU and other regulators demands.

Associated benefits include:

- Improve patient care and reduce costs
- Improve stock control
- One global language
- Accurately track equipment

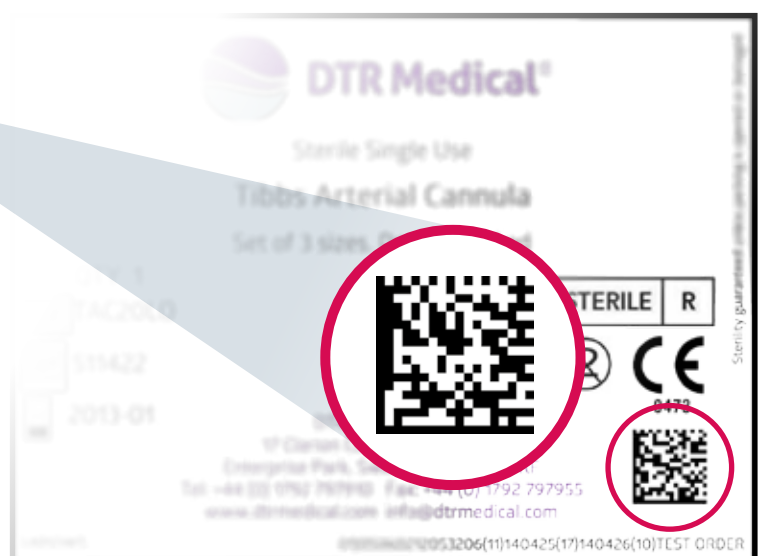

“Unique device identification (UDI) compliance represents a significant development for our customers. Automation of information flow will have influences across the whole purchasing and supply process, providing the benefits of superior instrument traceability and improved patient safety.”

“We are working closely with Kodit UDI software to provide our labelling solutions to meet the latest international regulations and we serve as a reference site for other manufacturers to learn from.”

Andrew Davidson
(Managing Director of DTR Medical)

For more information on our new product labelling, please contact Customer Services on +44 (0) 1792 797910 or info@dtrmedical.com

** - GS1 – Global Traceability Standards

Matching reusable standards

We benchmark against reusable British and international standards:

BS 5194-1:1991

(Inc ISO 7153 – 1:2001) Surgical Instruments - (Metallic Materials and Stainless Steel)

BS 5194-2:1989

Specification for Instruments with Pivot Joints

BS 5194-3:1985

Specification for Dissecting Forceps

BS 5194-4:1985

Specification for Scissors, Shears and other Jointed Instruments

We operate our own UK production facilities equipped with ISO class 7 cleanrooms. Our company is fully accredited to:

EN ISO 9001:2008

EN ISO 13485:2012

MDD 93/42/EEC
